### **Uniform Items Purchased**

Enter the total amount of payroll deducted uniform items. For most airlines, this amount can be found on the last pay check stub of the year.

3

Enter additional "out of pocket" uniform expenses below. Do not include items provided by the company through replacement programs. You need a receipt for each item purchased, regardless of the amount. The \$75 rule does not apply as this is not a travel related deduction. Uniform items must have a company insignia or logo; no type of "street" clothes qualify for this deduction.

If you were reimbursed for any of your uniform maintenance expenses such as alterations or dry cleaning, do not include these amounts. We cannot take a deduction for any expense for which you were reimbursed. IRS regulations go even a little further. We cannot take a deduction for any expense for which you COULD have been reimbursed. For example: if your airline will reimburse you for your uniform alteration expenses but you just did not get around to submitting your receipts for reimbursement. The IRS will not allow this expense as a deduction because you 'could' have been reimbursed. Thus, do not include any expenses for which you were reimbursed, or any expenses for which you could have been reimbursed, but were not.

Please be aware that you, as the taxpayer, are responsible for keeping all evidence and support of all items reported on your tax return (flight schedules, log book, receipts, wage forms, and all other support) for a period of at least five years.

### **Transportation Expenses**

### **Layover Transportation**

Transportation between places of lodging and places where meals are taken, are included in the "Incidental Expenses" portion of your per diem; therefore, no separate deduction is allowed. See IRS Pub. 463

### **Computer & Related Expenses**

Computers are not deductible. The IRS has issued a Letter Ruling (#8615024 & Bryant, U.S. Ct. App. 3rd cir. 74 AFTR2d 94-5440) disallowing a deduction for home computers. The ruling states..."Despite legitimate business use, employees generally may not write off the cost of their computer. By law, a computer must be used for the convenience of the employer and required as a condition of employment." In private rulings, the IRS ruled an individual may not claim depreciation when the purchase of a computer is optional and not absolutely required by their employer as a condition of employment. All airlines provide computers for their employees to use. Although they are a huge asset to our jobs, the airline does not require that we have a personal computer or laptop.

Your profession requires you to have specific items for travel and to perform your job in areas of service and safety. Enter the expense below for the items you have purchased during the applicable tax year. Receipts are required for items priced over \$75 each. If you purchase an item that is under \$75 you need to make a record of that purchase in your log book or on your schedule. ### **Communications**

Your profession requires you to keep in touch with your employer, your fellow flight attendants and crew scheduling. We can take a portion of your cell phone expenses for business related calls. Provide your expenses in the area below.

Cell Phone	<b>Yearly Amount</b>
Cell Phone Purchase (your phone only)	\$
Cell Phone Base Charge per Month (single line)	\$
% Airline Business Usage per Month:  Choose One: □ 40% □ 50% □ 60% □ Other	%

Home phone or basic home phone service is not deductible. The IRS believes that the basic home land line service is an expense that most Americans have regardless of their profession. Cell phones, in time, will probably be included in this category. Many of us don't even have a land line anymore and use our cell phone as our exclusive contact number. Make sure that the amounts you provide to us are for your single phone only. If your plan covers 3 phones, make sure to subtract the added cost of the additional phones.

Because your job requires you to be directly accessible to the company, we have the grounds for a deduction of the expenses which are incurred. If you are on reserve, this is obvious, but you must also be available for contact by or to contact crew scheduling for non-routine situations, cancellations and mechanicals. You are also using your cell phone to call your supervisor, union or fellow crew members.

We have asked you for the amount of your monthly base. Be sure to include taxes and fees. From this base, we will take the deduction based on the percentage of business usage. As a general rule, very few deductions which can also have a personal use pass IRS scrutiny at 100% business. Most of our clients tell us the business use percentage is between 50% and 70%. If you believe you have a percentage of business use other than this, please provide the amount in the space provided. Don't hesitate to call us if you have any questions about this deduction!

Calling Card		Amount
Direct Bill Calling Card	per month	\$
International Prepaid Calling Card	per month	\$

If you fly domestic and don't have a cell phone (yes, it does happen) or are flying international and do not have international service on your cell, the amount you place on a calling card or prepaid calling card is deductible under the same qualifications as your cell phone.

Please provide the monthly or yearly dollar amount on your business/layover usage calls.

Additional Communication Expenses	Amount
Company Fax Expense	\$
Company Copy Expense	\$
Company Mailing Expense	\$
Company Overnight Expense	\$

If you have any expenses related to required communication between you and the company or the union, these expenses are deductible. If you are required to fax a copy of a doctor's note to your supervisor and Kinko's charges you to do this, make sure you save the receipt or put it on a credit card. Enter any expenses for copying, faxing or mailing in these specific entry areas.

### **Temporary Duty/Special Assignment**

If you are on Temporary Duty assigned by the company for any reason, your related expenses may be deductible. The IRS defines Temporary Duty as any assignment that has an expected completion date of less than one year. If your assignment is greater than one year, you do not qualify for this deduction.

You may also qualify for some very substantial deductions if you are on a special assignment away from your base. For example, if you are based in New York and accept a training position in Dallas; your housing, meal and transportation expenses are all deductible (assuming these expenses are not provided by the airline).

Do NOT enter any TDY or SPA days that are on your schedule. If you are providing your schedules to us or using our online per diem calculator, we/you will include these dates and locations in your schedule per diem calculations. Only enter days below that are NOT included on your flight schedule.

### **Union Expenses**

As a unionized employee, your union dues, initiation fee and any union publications are all deductible. If you actually work for the union as a union rep. or direct employee, you will have additional deductions. Please download our Union Rep. Worksheet at www.flightax.com.

Union Expenses	Amount
Union Dues (amount actually paid during year)	\$
Union Initiation Fees	\$
Union Publications	\$
Travel Expense for Union Meetings/Events	\$

### Remember!

Amounts are annual totals unless otherwise specified.

### **Training**

Your job requires, at a minimum, yearly training per the FAA. You are allowed to take a per diem deduction for each day that you spend in training. For example, if you have training in Atlanta, you are allowed a deduction of \$52 for each day you are in Atlanta for training. We are, however, required to subtract the amount of per diem that your airline paid you for your time in training.

If you are based where your training is held, you are NOT allowed to take a per diem deduction for training. As in the example above, if you are based in Atlanta, you are not eligible for this deduction.

An easy way to determine this deduction, in general, if your airline pays you a per diem for your meal expenses during training, you are able to take the per diem deduction based on the city of training. If you are not paid a per diem (excluding initial training) you generally will not qualify for this deduction.

You may also have additional expenses for your time in training. Transportation expenses, housing, cell phone, etc. We have done our best to break down each type of training below for you to benefit from this deduction.

Due to the instability of the airline industry, more and more of our clients are having job search related expenses. Your cost of finding a job within the airline industry is deductible. What does this mean? The job search expenses of finding another position within the same industry are deductible, the job search expenses of looking outside of the airline industry are NOT deductible.

This is one of those IRS regulations that sometimes does not make sense. If you are a flight attendant and update your resume or fly to an interview, these expenses are deductible. If you do the same for another position outside of the industry, such as a retail position or professional job, these expenses may not be taken as a deduction.

Several of our clients have requested a deduction for the purchase of a new suit or professional at tire for the interviewing process. Although this is an additional expense to you, it is not a suit or professional at tire for the interviewing process. ### Foreign Domicile\*

This form is for United Airlines Flight Attendants only! If you have other sources of foreign earned income, please refer to the Foreign Income Worksheet at www.flightax.com/download or call us at 317-984-5812 and we can fax/mail you a worksheet.

If you were based at a foreign domicile for any part of 2016, you have a couple of options in filing your income tax return. You can receive a credit for any taxes that you have paid to a foreign country and/or you may qualify to claim a Foreign Income Exclusion for a portion of the income you earned. Chances are you will be able to take advantage of both of these situations to reduce your tax obligation to the US.

Foreign Tax Credit: If you pay income tax to another country,

you were based in the UK we will need the December 15th paystub showing London PAYE tax paid (US dollars) to determine the amount of foreign tax paid for the year.

Foreign Income Exclusion: The IRS allows you to exclude income earned while on or flying over foreign soil. Income earned while flying over international waters or the US is tax as earned in the US. In order to exclude the foreign portion of your earned income, you must qualify as a Bona Fide Resident of a foreign country. To qualify, you must be out of the U.S. for one complete calendar year—January 1 to January 1. For example, if you were not based in LHR until July of 2016, you will not be able to file your 2016 Federal Income Tax Return until January 1 of 2018. Your qualifying period to meet the Bona Fide Residency Test is

extension until this qualification can be met-which we can file for you. You do not have to be based in the same foreign country to meet this qualification, just out of the U.S. In order to claim the income exclusion you must also pay income tax to the foreign country where you claim residency - if that country requires you to do so.

Duty Time Apportionment: If you qualify as a Bona Fide resident of a foreign country, we will have to calculate the amount of income that is taxable to the US by a process called Duty Time Apportionment. We must have a copy of your Year End Audit Report providing the number of trips and each destination.

Our base fee for a Foreign Income return is \$299 (income exclusion only) and \$329 (income exclusion and foreign tax

you may take a credit of this tax towards your US obligation. If January 1, 2017 to January 1, 2018 You will need to file a special credit).
